Citizens Desire Conference With Minister of Interior

Will Ask Hon. F. Oliver to Use Influence to Have Penitentiary Moved and Dominion Grant for East End Bridge

Hon. Frank Oliver, dominion minister of the interior, will receive a letter some time today from Mayor Armstrong asking if it will be advisable for him to set a date to consider matters of interest to this municipality and perhaps the government as well.

If the suggestion meets with Mr. Oliver's approval, Mayor Armstrong and a delegation of representative citizens will wait upon the minister of the interior and talk over a proposition to remove the Alberta penitentiary to a point outside the city limits. The city officials realize, it is stated, to provide for all expenses incident to changing the location of the penitentiary, and Mr. Oliver will be urged to lend his aid in bringing this about.

Mr. Oliver will be asked to use his influence with the dominion government to secure a grant for the east end bridge, which a contract was recently awarded by the commissioners, and which will be under construction in about six weeks. The bridge will lead right to the government landing range, greatly enhancing the value of that property. For this reason the mayor thinks the government should be willing to contribute a share toward the cost of constructing the bridge.

ARBITRATION BOARD'S DECISION WILL BE GIVEN OUT SOON

FINAL AGREEMENT BETWEEN ELECTRICAL WORKERS AND CITY SAID TO BE FAVORABLE TO FORMER—COMMISSIONER BOULLON OPPOSED INCREASE

The final announcement will probably be made in a day or two of the decision reached by the board of arbitration in the controversy between the city and electrical workers over a question of wages and other conditions affecting men employed in different municipal departments.

As stated in the Capital Monday, when final agreement was reached by the board of arbitration under the industrial disputes act, the unanimous decision is taken to mean that it favors generally all the contentions of the electrical workers for a wage scale to conform to that paid by the provincial government and that of Calgary.

Superintendent Ormsby of the city light department and William Symonds, representing the electricians, with Judge Taylor of the district court, constituted the arbitration board, have had a couple of conferences with Utilities Commissioner Bouillon since the board reached a decision, but the result is not known. Commissioner Bouillon has been opposed all along to granting the electrical workers increased wages or making any other concessions to them, and on account of the stand he took the employees found it necessary to apply for a board of arbitration to settle the matter.

The board's decision will be read at a meeting of the electrical workers' union.

ST. AMELIA YOUTH IS CHARGED WITH ABDUCTION

ARRANGED WITH YOUNG GIRL TO LEAVE HOME AND MARRY HIM, BUT IS ARRESTED ON DAY CEREMONY WAS TO HAVE TAKEN PLACE

A romantic love story that promises to have a sad ending was told yesterday morning when Charlie Champagne was tried for endeavoring to lure a girl away from home for the purpose of marrying her against the wishes of her people. The girl herself, Maria Desautel, stated that she wished to get married and that she had fully consented to go with the boy away from home.

On Thursday, June 15 Champagne came to the farm of Mr. Desautel at Deltona a few miles away from St. Amelia and Maria and went away together. It appears that the girl went to an uncle's farm and stayed there until ten days later, when she went to St. Amelia to meet Champagne for the wedding.

Several witnesses were called by the prosecution. The evidence tended to show that the girl was subject to considerable unpleasantness caused by her step-mother and that she had been on familiar terms with Champagne for almost a year. Last winter the girl's father ordered him never to come onto his farm again and instructed the girl that she was not to meet or hold any conversation with him. He also told her he would put her in a convent. The commands were disobeyed.

Judgment was reserved by Magistrate T. H. Wilson, who acted in the absence of Inspector Ward, who expressed the opinion that the girl ought to be placed in the hands of the Children's aid department and looked after by Mr. Chadwick.

CIVIC WAREHOUSE MAY BE ERECTED

COMMISSIONERS HOLDING SPECIAL MEETING THIS AFTERNOON TO DISCUSS QUESTION

A special meeting of the city commissioners will be held this afternoon, starting at 2:30, to consider the question of erecting a municipal warehouse. Besides the commissioners and Mayor Armstrong the heads of all the city departments will be present, including Superintendents Ormsby of the light department, Griffith of telephones, Butler of stores and works, and Victor of the waterworks. Mr. White, medical health officer and City Engineer Lathrop.

The proposition to establish a municipal warehouse will be discussed in detail. The opinion prevails among city officials that it is about time to erect such a building for storing property belonging to the municipality. The commissioners and heads of city departments will also take up the proposition to build stables in which all the horses owned by the municipality may be housed in the future.

QUINET ACQUITTED.

Ottawa, June 29.—The Alexander Quinnet of Hull, charged with the murder of Mrs. Ethel Mary Spain by performing a criminal operation, was acquitted by ex-Magistrate J. W. H. Macdonald. After considering the crown evidence for three days the magistrate decided there was not sufficient evidence to send Quinnet for trial.

MASONS ATTENDING ANNUAL MEETING

GRAND LODGE RE-ARRANGES THE DISTRICTS OF THE MOUNTAIN—CONVENTION AT REGINA

Regina, Sask., June 29.—Over two hundred Freemasons arrived in the city today to attend the fifth annual convention of the Grand Lodge of the Mountain, which will be held at the Hotel Macdonald. The convention was opened by Mayor McEwen, who presided over the opening session. The remainder of the morning session was taken by the reading of an address of Grand Master W. B. Tate, of Qu'Appelle.

An important feature of the day's business was the rearrangement of the Masonic districts, the total number of districts in Grand Jurisdiction being now twelve instead of ten. The new districts are as follows:

No. 1 Prince Albert; 2, Regina; 3, Moose Jaw; 4, Melfort; 5, Saskatoon; 6, Estevan; 7, Battleford; 8, Neudorf; 9, Melville; 10, Yorkton; 11, Weyburn; 12, Humboldt. The day ended with a ball tendered by the three local lodges to the visiting delegates and their wives.

Municipal Legislation to Be Subject of Discussion

MAYORS OF PROVINCE WILL MEET WITH ATTORNEY GENERAL MITCHELL IN CALGARY ON THE FIFTH OF JULY—MAYOR AND MR. BROWN TO ATTEND

Mayor Armstrong received a letter this morning from Attorney General A. B. Mitchell fixing July 5 as the date for a meeting of the mayors of the province to discuss the question of municipal legislation, and particularly with the object of obtaining the views of representatives from various cities in the province on the matter of a city act of general application throughout Alberta.

Similar invitations have been sent out by Attorney General Mitchell to the mayors in Alberta and it is expected will result in general acceptance of those invited to the municipal conference. The meeting scheduled for next Wednesday was to have been held two or three weeks ago but was postponed, the absence of Mayor Mitchell from Calgary being the chief reason for the delay. It is understood that the Calgary mayor is not wholly in favor of legislation to govern all of the larger cities alike while the official belief is that such a move is a step in the right direction.

Mayor Armstrong and City Solicitor Brown will leave Tuesday night for Calgary and be on hand in ample time for the conference of municipal officials with Attorney General Mitchell. The mayor is in favor of more uniform legislation for the municipalities of Alberta and hopes that an agreement may be reached at the Calgary meeting.

LANDING TO HAVE SPECIAL BOOTH

ENTERPRISING TOWN IN NORTH WILL HAVE EXHIBIT AT DIG BIER

Althabasca Landing is the first of the suburbs of Edmonton to be seized with an understanding of the value of advertising at the annual exhibition and race meet in August. The board of trade of the hustling town of the north has applied to the exhibition association for permission to erect a special booth, in which the resources of the Landing and the surrounding country in grains and grasses will be brought before the attending visitors to the grounds in a striking manner. The Althabasca Landing board of trade expects to reach an abundant harvest of prosperity as the outcome of their latest boasting scheme.

Mr. Borden is being accompanied on his trip through the west by Major Frederic Hamilton of Toronto.

Canadian Northern Begins Laying Track on Landing Line

Two Track Laying Machines, Train Load of General Equipment and 150 Men Passed Through City Last Night—Will Commence Laying Main Line Track Shortly

Track-laying on the Althabasca Landing line of the Canadian Northern railway is about to commence, the outfit having passed through the city for the night last night. There were two track-laying machines, a whole train load of equipment and 150 men. Actual track-laying operations were to have commenced this morning but it is doubtful whether anything will be done until the afternoon.

In the C. N. R. yards at Edmonton there are thousands of dollars worth of supplies to be used in the Althabasca Landing line and the C. N. R. main line west. These will be shipped to the west as they are required and as the steel head advances.

HOLD EXAMINATION FOR DISCOVERY IN ROYAL BANK ACTION

MANAGER OF LOCAL BRANCH TELLS OF PRESENTATION OF PROVINCIAL GOVERNMENT CHECK FOR \$6,042,083.26 ON WHICH PAYMENT WAS REFUSED—LOANS TO CANADIAN STEEL CONSTRUCTION COMPANY

Examination for discovery of Mr. McMillan, manager of the Royal bank, in connection with the impending trial of the action in which the provincial government seeks to secure control of \$6,000,000 of the funds of the Alberta and Great Waterways railway for with interest, was conducted in an office in the supreme court this morning by F. F. Gurney, deputy attorney general. There were present at the hearing Mr. Gurney and W. L. Walsh, K. C., representing the royal bank.

Evidence was given by Mr. McMillan to the effect that on December 16, the day upon which the provincial government gave his assent to the bill which declared the funds of the Alberta and Great Waterways railway forfeited to the government, six gentlemen appeared at the bank to present for payment in the account of the provincial government.

SOUTHERN PACIFIC TRAIN HELD UP

MASKED MEN STOP EXPRESS AND ANNEX LARGE QUANTITY OF GOLD DUST

Regina, Ont., June 29.—The first section of the Oregon Express on the Southern Pacific railway, was held up and robbed last night at Westfork, in Ford Creek Canyon. Three masked men stopped the train, which was carrying gold dust, ordered the express and mail cars separated from the passenger coaches and then compelled the engineer to run his engine up the track. It is believed the robbers dynamited the defunct cars. Explosions were heard in Westfork from the direction in which the cars were taken. It is reported that several thousands worth of gold dust was on the train. The train left San Francisco at 8:20 p.m. yesterday and was due here at 3:35 p.m. today. This would have brought it through the canyon in daylight. It is believed that the robbers learned of the delay and laid their plans accordingly.

CEMENT SHORTAGE AFFECTS BUILDING

BUILDING PERMITS FOR JUNE SHOW DECREASE DUE TO LACK OF MATERIAL

Due to a shortage of cement and unfavorable weather conditions building operations in Edmonton show a marked decrease from last month. In May the city building inspector issued permits for buildings amounting to \$504,229, while up to noon today the total business for June figures to only \$345,359, leaving the present month \$158,869, leaving the present month \$145,369.

Permits were issued from the office of city building inspector yesterday afternoon and this morning as follows:

E. D. Drake, house, Kennedy street, 8700; J. Hason, shack, Agnes street, 860; G. McPherson, house, Kennedy street, 81500; R. H. E. Wilkinson, house, First street, 8000; E. G. Owens, house, Morris street, 8800; F. E. Poole, house, Hastings street, 8225; J. Gibbons, house, Twenty-fifth street, 8700; G. Kenway, house, Twenty-fifth street, 82800; G. H. Lamey, house, Twenty-fifth street, 8900; R. H. L. Anderson, house, Macanney street, 81950; A. Magridge, house, Kennedy street, 8500.

BASKET WAS EMPTY

London, June 29.—Twenty thousand wheat growers of Saskatchewan have been sent a "basket" sent to King George as a coronation gift a silver bread basket, valued at \$100,000, which was filled with bread made from Saskatchewan wheat flour. It is supposed that the day it was to be presented to the king, the bread enroute as it was not to be found when the basket reached England.

At the Golf links on Saturday afternoon the men's foursome handicap will be held. Entries close tonight at 11 o'clock.

LEADER OF OPPOSITION UNALTERABLY OPPOSED RECIPROCITY PACT

Hon. R. L. Borden and Other Prominent Conservatives Address Mass Meeting in Thistle Rink

GOVERNMENT SHOULD OWN AND OPERATE H.B. RAILWAY

ALSO FAVOR GOVERNMENT OWNERSHIP OF TERMINAL ELEVATORS—DECLARES CANADA BENEFITED WHEN STATES REPUDIATED AGREEMENT ENTERED INTO IN 1854—SAYS INTERLOCKING OF AMERICAN AND CANADIAN TARIFFS WOULD PLACE LATTER COUNTRY IN HANDS OF U.S. TRUSTS

Before one of the largest and undoubtedly the most orderly political assemblies that has ever been held in the Thistle rink, Hon. R. L. Borden, leader of the opposition in the dominion house, and his group of lieutenants in the conservative party's fight against reciprocity, last evening presented the arguments which are being used throughout the dominion in an attempt to awaken sentiment against the agreement which is being discussed in great enthusiasm in the main body of the public rather than openly hostile. A vast preponderance of citizens showed a lack of sympathy with the protectionist propaganda, and the applause was sectional in character.

It was apparent that the interest in the proceedings centered around the discussion of a question which at least a vast majority of Westerners at least can have but one answer. The answer of the farmer voters was given in most emphatic terms at the afternoon session of the board of trade, when a gathering which filled the hall, which was representative of the organized farmers of the Edmonton district to the extent of little short of a thousand, endorsed in an emphatic manner the measure which they believe will make for wider and a more reasonable cost of living for the agricultural of the west.

As the central theme in the fight against reciprocity, Mr. Borden was heard with respect, but repeated attempts to bring the audience to their feet in cheers for the conservative leader, signally failed, and while the audibly British were ready enough to cheer short references to the old flag (which in some way became entangled in tariff issues), J. H. G. Bergeron's jokes were far more effective in bringing down the house.

Mode Agreement Is Satisfactory to the Gas Company

INDUSTRIAL COMMITTEE WILL RECOMMEND THAT AGREEMENT BE ENTERED INTO WITH INTERNATIONAL HEATING AND LIGHTING COMPANY

The industrial committee will be prepared to submit a report to the city council next Tuesday night recommending acceptance of a mode agreement of which Mr. Eaton, representing the International Heating and Lighting company, approves in full, according to Utilities Commissioner Bouillon this morning.

Mr. Bouillon has been working on the proposed agreement for several weeks in conjunction with City Solicitor Brown and Attorney Biegan, the latter representing Mr. Eaton, with a view of overcoming objections lodged against the original draft of the agreement. The objections all came from the gas company, which, however, would not be properly safeguarded in the event the city took over the gas plant after a certain length of time.

WILL OPPOSE GRANTING OF LICENSE TO HOTEL

MEMBERS OF YOUNG PEOPLES SOCIETIES WILL PRESENT PETITION TO LICENSE BOARD WHEN NORTHERN HOTEL APPLICATION IS HEARD

When the application of the Northern hotel company for a license for a new hotel to be erected at the corner of River street and Nanawap avenue, comes before the license commissioners at their session in the city hall council chamber next Monday night, it will be opposed by a petition signed by practically all the young people's societies of the city.

The petition will be in support of a resolution signed by seven of the 20 residents nearest the hotel site protesting against the granting of the license on the ground that another hotel is being built in the district, and the opening of a bar in a section of the city thickly populated with Chinese would be a detriment to the district and other grounds. The protest originated in McEwen's Men's association, an organization of the young men of McEwen's Methodist church. The signatures of the seven of the 20 residents nearest the hotel site, a petition against the granting of the license, were secured about three weeks ago.

The support of the original one were then drawn up and circulated during the week at the meetings of the

MUST PAY TAXES BEFORE SATURDAY

Tonorrow is the last day on which tax-payers due for 1910 may be paid and avoid the penalty provided by law. As the amount in arrears aggregates approximately \$75,000 it is quite evident that some hustling will have to be done if not start a clean sheet.

After tomorrow, or on July 1, to be exact, all those in arrears for 1910 taxes, will have to pay the penalty provided by law.

Several Things

Mr. Oliver Should Explain

According to Frank Oliver's own paper it is not his intention to hold any meeting in Edmonton. Places like Athabasca Landing, Olds, and Calgary will have an opportunity to listen to his dulcet tones, but the people who elected him will not.

Here is the programme as outlined by the Bulletin:

THE MOVEMENTS OF HON. FRANK OLIVER

Hon. Frank Oliver, who returned last evening from a trip to Jasper Park, will spend today in the city. Tomorrow he will be present at a picnic at Olds, at the home of Dr. Clark, M.P., for Red Deer.

On Saturday the minister will officiate at the opening of the Calgary Exhibition. He will then return to Edmonton, and on Wednesday of next week will address a meeting at Athabasca Landing. He may also attend several farmers' picnics, which are to be held next week.

If the minister can arrange to be present, the Liberals of the city will tender him a luncheon or banquet next week. Mr. Oliver expects to return to Ottawa by the middle of next month.

From this it would appear that although the minister of the Interior has still two or three weeks to spend in Alberta, a bun struggle at which will be present only the chosen members of his alleged association is the closest he will come to meeting his constituents.

Mr. Oliver, evidently, does not intend to offer any explanation of where the \$69,350 came from nor of where it went to.

In view of the fact, as set out by Senator Talbot, that the huge amounts of which the minister suddenly became possessed were for campaign purposes, and of the further fact that the investigation committee is not empowered to ask him what he did with this campaign fund, his constituents will be disappointed at not being given an opportunity to hear his explanation of how this campaign fund was disbursed.

Mr. Oliver really should hold a meeting. There are several things which he should explain.

A Battle Royal
With the Hosts of Privilege

Some appreciation of the strangle hold with which the tariff system grips a country, and the difficulty with which it is shaken off may be gained from a survey of the situation in Canada and United States at the present time.

In the Taft-Laurier reciprocity arrangement it is not proposed to hit the great beneficiaries of the tariff system. Those creatures of privilege have so long enjoyed the benefits of protection that they now regard the system which takes money from another class of citizens and gives it to them as a vested right. To them tinkering with the tariff is a violation of the very foundation of prosperity. Any move to lower the duties is a thing to be met with a show of passion. And so when it is intended to break the circle through which the tariff system is maintained by taking the farmers out of that circle, we find the manufacturers on both sides of the border in fighting array, notwithstanding that there is practically nothing in the agreement which affects the manufacturers of either Canada or United States.

To overcome their opposition requires weeks and weeks of fighting in parliament and congress. The whole country is stirred and the question becomes one on which men divide into two camps, on the one hand upholding privilege with a vehemence worthy of a better cause, and on the other undertaking to tear it down. It is not because they are hit in the present pact that the manufacturers present such a strenuous opposition, but because they see that if the principle of protection is to be attacked at all the day is not far distant when the privileges which they enjoy will also come under attack and they anticipate the time when the whole system of protection will be toppled and the tariff wall razed to the ground.

The manufacturers do well in their own interests to put up a fight at the present juncture. The hope for lower tariff lies with the farmer. But to lower the tariff in any particular means a battle royal with all the hosts of privilege in the fighting line.

A Time-Expired Man
With a Record Worth While

"Cy" Saunders, the dean and pioneer of Alberta journalism has laid down the faber and the paste and retired from active participation in the profession which has made him famous and in which he has done much to make Alberta famous.

It is a remarkable commentary on the newness of Alberta as a home for the white man and an illuminating sidelight on the wonderful progress of this country that the man who started the first newspaper in the province is still alive and that he is not even yet an old man.

When "Cy" Saunders in 1882 started the Macleod Gazette, there were less than 500 white men, exclusive of police, in the whole territory that is now Southern Alberta. For years he was as the voice of one crying in the wilderness. Think of the changes that he has had the opportunity to record. Possibly no newspaperman on earth ever watched such a great panorama of development and chronicled such a transformation scene.

Successively editor of the old Gazette, of the Lethbridge News, and of the Pincher Creek Echo, Saunders has been here to see every line of his old-time optimism justified by the occupation of a once vacant land and the opening of an empire. Saunders, he it recorded with joy, withdraws from the journalistic arena with a competency. There were days with him, in the long ago, when confidence in the future had to take the place of ready money, but Saunders has grown up with the country and shared in its prosperity. He withdraws, a time-expired man with a record worth while.

Not Likely to Win
Many Votes in the West

The speech made by Mr. Borden last night was the kind of a speech Mr. Borden might be expected to make. Throwing an air of dignity and statesmanship into his tones, Mr. Borden dealt only in a negative way with the tariff question and depended for his cheers upon the old flag. Analyzed, the burden of his argument was that it would be unpatriotic, disloyal and un-Canadian to sell wheat in United States when the cereal could be hauled past the nearest market, all the way across the continent and shipped across the Atlantic to the sold in Great Britain, and he conveyed the intimation that Canada's continuation as a British country depended upon throwing out the reciprocity agreement.

Such sophistry, while it may appeal to eastern communities where the very existence of the industrial institutions is supposed to depend on the continuation of the policy of protection, is not likely to win many votes in the west.

JUST PARAGRAPHS

Mr. Borden did not ask Mr. Oliver where he got it. Possibly he knows already.

Maybe the reason Mr. Oliver does not want to tell where he got it is because he wants to go back for more.

Forward, Saskatchewan, has decided to move forward two miles to get onto a more suitable townsite.

Mr. Borden says he urged the government to hurry up its census enumerators, bring in its redistribution bill and call an election. This does not look much like an election this fall.

Judging by the calm way in which the leader of the opposition overlooks the important question of where did he get it, one would say that Borden is worth the \$7,000 retainer to Frank Oliver alone.

If Max Aitken got his title on the understanding that he has done something toward cementing the empire, Edmonton is here to tell the retailers of knighthoods that so far as this city is concerned, Max is not there with the goods.

It is a strange and remarkable circumstance that while north of the 49th Messrs. Fielding and Patterson are pictured as children in the hands of Mr. Taft, south of the line Mr. Taft is pictured as an innocent who was taken in by these designing Canadians. The point of view must change very greatly with the latitude.

Anti-reciprocity declaimers try to throw a scare into the Canadian loyalists by declaring that Taft's purpose is really annexation, and they quote Arthur Brisbane as corroboration. Those people who imagine that Taft tells the Hearst papers his plans certainly deserve to be fooled—unless they get themselves a guardian.

SAYS ROOSEVELT KNEW
ALL ABOUT LORIMER

PUBLISHER OF CHICAGO RECORD-HERALD CLAIMS HE TOLD EX-PRESIDENT OF SLUSH FUND, HENCE HIS REFUSAL TO ATTEND BANQUET WITH SENATOR.

Washington, June 25.—"That Colonel Roosevelt has since only last fall told the entire story of how Edward Hines is alleged to have asked Clarence S. Funk, general manager of the International Harvester Company, for a \$10,000 contribution to a \$100,000 slush fund, used to put Lorimer across at Springfield" was testified today before the senate Lorimer-committee by Herman H. Kohlstaad, publisher of the Chicago Record-Herald.

Mr. Kohlstaad said he told the story to Colonel Roosevelt just before the story to Colonel Roosevelt refused to attend unless Lorimer's invitation was withdrawn. It was upon this information, Mr. Kohlstaad said, that the ex-president based his action in declining to sit at the same table with Illinois senator. Mr. Kohlstaad further testified that he had written an account of the conversation between himself and Funk, without mentioning Funk's name, to Senators La Follette and Reed. This was done at the request of Walter L. Fisher, new secretary of the interior, and others. "Senator Reed wrote me a reply," said the witness, "and thanked me for the information. He said it had greatly influenced him in making his speech against Lorimer on the floor of the senate."

"What?" exclaimed Senator Gamble. "Do you mean to say that Senators were influenced in arriving at their decision by matters not in evidence?" "I did not discuss that question with Senator Reed," replied Mr. Kohlstaad. The witness said that Senator La Follette tried very hard to get him to come to Washington to tell about the conversation, even threatening to send a sergeant-at-arms of the senate after him.

Mr. Kohlstaad said that besides Colonel Roosevelt he had only divulged Mr. Funk's conversation to Victor F. Lawson and to Mrs. Kohlstaad. The scheme of the investigation was materially widened today when the senate investigating committee decided to allow Lorimer's committee to question the natives which might have prompted any official of the International Harvester Company to oppose Lorimer's political advancement. This gave Lorimer's committee at the latitude they desired in attacking the statement of General Manager Clarence S. Funk of the International Harvester Company that Edward Hines of Chicago had asked that company to contribute \$10,000 on account of Lorimer's election expenses. Funk had testified that Hines had asked him on behalf of the Harvester company for the contribution of that sum towards reimbursing those who raised a \$100,000 slush fund to meet the cost of the election.

IMMIGRATION HALL

Several large families have come to the immigration hall during the past few days, one instance being noted where there are 11 children. The father of the family is a Frenchman named Ousse Berzans. He has an eight of the children accompany him and three more arrive at the hall shortly. The children who are now at the hall range in age from 18 years to 5 years.

A Scotch family also came to the hall yesterday. The father is James McGowan. His eldest boy William, is 18 years of age and his youngest, Richard, is one year old. There are eight children in this family. Another family of large proportions came to the hall this morning.

MONTANA METHOD OF MEASURING HAY

"The Montana system of measurements," as applied to the measuring of hay, was the subject of dispute at the supreme court this morning in the action of Ganong vs. McKernan. To the initiated the phrase conveys little meaning, but to Mr. McKernan, who is a farmer for whom the plaintiff stacked a quantity of hay, it is of vital importance. Confronting with Ganong for the stacking of hay at 2.25 a ton. McKernan objected to the system of throwing a large lever over the hay, by which the contractor sought to ascertain the quantity of hay put up. This type throwing scheme is the Montana method, so the court was informed. McKernan was skeptical as to its accuracy, and disputed Ganong's bill account for \$137.50. The defendant paid into court \$125, and this morning, Mr. Justice Simons gave the plaintiff judgment for the balance of the amount due.

CONTRACTORS ASK TIME EXTENSION

(Continued from Page One.)
Information and the board breathed easier over the knowledge gained. The contractors said it would be six weeks yet before they could make a start and feared that the same length of time should be taken on the tail end of the contract, bringing it up to about April 15.

May Grant Extension of Time
While the request was not granted the contractors were given to understand that if they could not finish the work by February 29, a reasonable extension of time would be granted. The contractors seemed satisfied with the attitude of the commissioners and did not press the matter any further. The contractors objected to a clause in the contract holding them responsible for any mistakes the engineer might make in the plans for the pier and abutments. This was referred to the city engineer.

The contract price for the work undertaken by Campbell Spencer company is \$75,000 and does not include the steel and cost of erecting it. For the latter tenders have been submitted to the commissioners. One firm made a bid on the steel but asked a corresponding high figure for the structural work, prompting the commissioners to open negotiations with the provincial government with a view of having the work done at less cost to the municipality. In the event an agreement is not reached with the provincial authorities the city may decide to have the work done by day labor.

Tenders for Fire Hose
The commissioners opened tenders for fire hose, the following firms submitting bids:

Canadian Consolidated Rubber company, \$1.05 per foot.
Dunlop Tire and Rubber Goods company, \$1.05, \$1.00 and \$0.95 for different grades.
Winnipeg Rubber company, limited, \$1.10, \$1.05 and \$1.00 for different grades.
The tenders were referred to Fire Chief Lander for examination and report.

Additional tenders were received for a high head pump at the power plant from the Canadian Western construction company, \$25,000, and Chas. C. Moore and company, \$27,990.

HOLD EXAMINATION FOR DISCOVERY IN ROYAL BANK ACTION

(Continued from Page One.)

cial treasurer, the sum of \$6,012,084.25, representing with interest the total of the Waterways monies in the care of the Royal bank. Mr. McMillan refused to accept the cheque.
Discussion of details of the account of the bank against the government in respect to money advanced by the bank to the Canada West Construction Co., the subsidiary company which was formed to complete the construction of the line to Port McMurray, occupied the remainder of the time of examination. The annual bill for the line, \$200,000 and \$400,000, the exact sum being determinable only when the interest has been computed.

AFTER SPECIMENS FOR U.S. MUSEUM

EXPERTS FROM SMITHSONIAN INSTITUTION, WASHINGTON, ARRIVED IN CITY THIS MORNING

For the purpose of collecting specimens of the large and small game to be found in Jasper Park for the Smithsonian Institution of Washington, a party of Washington men will leave Edmonton for the west over the C.P.R. on Saturday morning. They are Ned Hollister, assistant curator on mammals at the Smithsonian institution, J. H. Riley, aid on ornithology at the institution; C. J. Walcott, Jr., and H. H. Blagden. C. J. Walcott is a son of Dr. Walcott, secretary of the city last night over the Grand Trunk Pacific. They will spend the entire summer in Jasper Park. Mr. Hollister will have charge of the party. He is an expert in his line of work and has conducted similar expeditions to other parts of Canada and the United States.
Dr. Walcott, secretary of the Smithsonian institution will reach Banff about July 1, and will commence his summer work in scientific research there. He probably will work north along the mountains until he reaches Jasper Park. He too will spend the summer in the Rockies.

Mr. Walcott, Jr., and Mr. Blagden will devote their time to securing specimens of the large game to be found in the park while Mr. Hollister and Mr. Riley will look after the smaller animals and the birds. Some time will be spent in the vicinity of Mount Robson. The scientists will be accompanied on their trip to the park by H. C. W. Lett, travelling passenger and colonization agent for the Grand Trunk Pacific. Accompanied by W. P. Hinton, general passenger agent for the C.P.R., Mr. Lett will arrive in the city tonight.

Any Man's Suit in our Store \$17.55

Clothes that have sold for \$22.50, \$26, \$30, \$32.60 and \$35. A complete clearing out of our spring stock, including blazers and blacks, before stock-taking—Nothing Reserved.

These clothes are the representative work of the most skillful makers of men's clothes in the country.

Two materials are thoroughly reliable, and the tailoring probably better by a quarter than is usual in suits at the original prices of these—for we have undertaken to give to our men's clothing department an uplift that ought to place it at the very top of the list of the more substantial clothes hereabouts.

At our regular prices our clothing is not surpassed in all Edmonton for style or quality, and this opportunity to make any selection you please from our entire stock is as important to economically inclined men as it is unusual. Spruce up for the holiday. Come tomorrow. Pick out the suit that pleases you, and pay us only \$17.55.

P.S.—A few two-piece suits to be cleared at \$10.35. (First Floor)

Maroons Make Even Break With Robins

Collins Rams Run Won Evening Game for the 'Peg Aggregation

MOOSE JAW CRABBED FIRST BUT LOST SECOND
Maroons Jaw Good Ball in Both Games But Fail to Locate the Pill in Afternoon

Winipeg, June 28.—Moose Jaw and Winnipeg broke even in a double header played here today. Very pink fielding by the locals was responsible for the visitors running away with the first game by 9 to 5, while a home run by John Collins decided the evening encounter for the Maroons. In the afternoon, the two star twirlers of each team, John and Tom Collins, started in to do battle against each other but both were knocked out before the finish of the game. Glass pitched shut for the evening, errors being responsible for the Robins' runs.

Krueger is sick in bed and may not play for a couple of weeks.

Nervous Prostration

Makes You Weak, Helpless and Miserable.

Wherever there are sickly people who are troubled with deranged nerves they will find that Milburn's Heart and Nerve Pills will restore the equilibrium of these deranged centres, and bring back the shattered nervous system to a perfect condition.

They do this by their restorative influence on every organ and tissue of the body, and their extraordinary curative power manifests itself immediately they are taken.

Mrs. G. D. Ward, Hunsington, Ont., writes: "I take pleasure in sending you my testimonial in praise of your Milburn's Heart and Nerve Pills. I suffered terribly with nervous prostration, and became so bad I was not able to attend to my household duties, and now I can truthfully say that I owe my life to them. Three boxes stopped my trouble."

Milburn's Heart and Nerve Pills are 50¢ per box, or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of the cash. T. Milburn Co., Limited, Toronto, Ont.

Brandon IS SHUTOUT BY SASKATOON

Brandon, June 29.—The Berry Pickers continued their winning streak tonight, defeating Saskatoon's "Gull" Champions by 3 to 0. Saskatoon is now the only team in the league without a win. It is predicted that Moose Jaw will not have such an easy time in the future defeating the Pickers as they have had in the past.

PROFESSIONAL HOCKEY TEAMS IN MANITOBA

FOURSCORE HANDBICAP
 The men's fourscore handicap will be pulled off at the golf links on Saturday afternoon. Entries close at eleven o'clock tonight.

WHEN THE ROOTER ROOTS; AND WHEN HE DOESN'T
 Bill Kirk of the Heart New York staff has the following to offer, comparing cricket and baseball:

The cricket game was over and the sun was sinking low. The players in their blazers plodded to the field and changed of arch. They stopped within the clubhouse for a final cup of tea.

When up spoke Captain Eakerton to Bowler McIntire: "Jolly well tried, old chap! But whether you win or whether you lose."

You're always a gentleman. Have a Scotch and a soda, old fellow. It will drive off the afternoon blues. Keep up your stride, you jolly well tried.

And a man can't always lose."

The baseball game was over and the home team had been skinned. The players slunk across the field while sundry knucklers grinned.

They hurried to the clubhouse for a hot and change of arch. When up spoke Manager McDuff, and each word was a barb: "You lot of high-priest athletes! Just what you need a shave!"

I could pick up a team from the Soldiers' Home. And beat you four out of five. Be out here at ten tomorrow—"

That goes the way that it lays: Any mixed-up sport that doesn't respect."

REAL ESTATE BULLETIN

The rain on Wednesday checked most of the local enquiry and movement in real estate, but did not affect outside demand, which we are pleased to note, continues strong, principally for land convenient to the city and suitable for subdivision; also for warehouse sites and business property, principally on Jasper avenue.

Some sales of residential lots and acreage for market gardening were effected locally.

NEWS OF THE CITY

A pre-communion service will be held in Eskine church on Friday evening at 8 o'clock.

Action for the recovery of \$150 was alleged to be due, was commenced in the district court this morning by W. Brown, formerly foreman at the Clover Bar Coal Co.

F. J. Sabin was found dead in bed at Toronto yesterday. He was known as "The Poet" from his habit of reciting original poems at political meetings.

Miss Hallie, an English woman, is being held at the Mounted Police barracks pending an examination as to her sanity. She was brought to the barracks yesterday from Calder.

The strachery festival which was to have been held tonight by the ladies of Christ church on the law of Mrs. Grant's residence has been postponed. It will probably be held some day next week.

The Edmonton police A.A.C. will probably send a team of three to the Athletic meet in Calgary which is billed for July 3. John Cameron, Dan Buddie and Decoteau will be the members of the team.

W. Louis Hall, of Edson, and formerly of Edmonton, will be tried at the court house tomorrow morning before Inspector Worsley on six different charges.

A telegram has been received in the city from J. B. McClellan, Alberta's publicly appointed commissioner in Toronto, to the effect that a train containing 270 people bound for Alberta had left Toronto over the C.P.R. and that 60 more people are coming to Alberta by the G.T.P.

The Strathcona Horticultural society will hold its regular monthly meeting in the city police court rooms this evening at 8 o'clock. Matters pertaining to the annual horticultural show which is to be held in August will be discussed.

William Bennie and Mary Dryden, widely known, were married in Eskine Presbyterian church on Wednesday evening, June 28. Rev. J. E. Duncan officiating. They will reside in Edmonton.

Publicity Commissioner Chas. Holchiss returned to the city this morning from Charsolva, where he is in charge of the season's work on the demonstration farm established by the provincial government. He will leave for Charsolva again tonight.

Compensation to the amount of \$10 a week must be paid by the Swift Canadian Co. to J. J. Gardner, a foreman who lost his right hand in a sawing machine in August of 1909, according to the decision handed down this morning by Judge Lees, to whom the matter was referred for arbitration.

Sheridan Lawrence, who has an extensive farm and ranch at Peace River crossing is in Edmonton securing supplies for his establishment in the north country. He will also take back with him a number of cattle to stock his ranch.

A number of western teachers and educators leave Montreal early in July to visit the British Isles and western Europe. David Edson, secretary and director of the department of the Alberta business college, is an Albertan representative and leaves today, Thursday, for Montreal via Winnipeg.

R. B. Bennett, K.C., M.P., who is in the city today in connection with various matters before the courts, will require during his stay in Edmonton to the validity of the issue of debentures sold by the city council on June 29, to the Royal Securities Corporation, Ltd. The total price paid by the corporation for the bonds was \$1,720,101.76.

Hugh Sealy was sentenced by Justice Stuart in Calgary yesterday to three years in the penitentiary here for stealing from the C.P.R. Up to the time of his arrest Sealy had been employed as customs clerk by the railway. Other charges of theft are hanging over him and in passing judgment Justice Stuart intimated that the subsequent sentence could run concurrently.

Mr. L. S. Dickey representing the "Single Tax Review" of New York arrived in the city this morning. Mr. Dickey was in Edmonton some time ago on his way to the coast. While on the coast he made arrangements for a special edition of the Review dealing with Vancouver. It is his intention to issue another special edition covering Alberta and Edmonton in particular, possibly the edition will deal with Edmonton alone. Mr. Dickey will leave tonight for Calgary.

Bank clearings in Edmonton for the week ending today total \$2,101,241. Last week they were \$2,306,439. For the week ending one year ago today they were \$1,158,506.

Hon. Duncan Marshall, who came into the city yesterday afternoon from the east, where he has been unsuccessful in obtaining the stock which he desired for the demonstration farms, left on the C. and E. for Oils this morning. He will be away for a few days.

C. R. McClellan, publicity commissioner in Toronto for the Alberta provincial government, visited Publicity Commissioner Holchiss yesterday to the effect that 270 settlers left the Queen city on June 28, by the C.P.R., en route for demonstration farms. On the same day 60 intending settlers left by the G.T.P. for Edmonton and surrounding towns.

CORPORAL IN CHARGE OF MOUSE TRAP GUARD.

There was a battle down at the mounted police station last night and the cry of the dying resounded through the building all the night. It was a war waged on the mice. The mice traps which were secured by the corporal yesterday were all set early in the evening and a considerable set to watch them. He had a busy night, some from one trap to another all over the building taking the mice out of the traps and resetting them. In the morning it is alleged there was a heap of dead mice and rats a foot high, more or less. It is stated that there was 372 in the pile. The war will be continued tonight.

POLICE COURT.

Nine drunks filed the dock to the capacity this morning at the police station this morning. They were given the usual assessment. The star performer of the day was Wm. Jones alias Jimmy Jackson alias Ducky Doyle, alias Jonas Johnstone, etc. It is alleged that the same man has appeared in the police court on numerous occasions on the same charge and has registered under a different name each time. It was suggested by the magistrate that he should secure one name for police use and stick to it. He stated that he was not drunk but that he was sick. His claim is the chief means the police have of identifying him.

BOYS OF EDMONTON SHOULD KNOW HOW TO SWIM

Commencing next Monday morning the Y. M. C. A. swimming tank will be open at special hours for all boys over 11 years of age who do not know how to swim. Instructions in swimming will be given three times a week to each boy. Application should be made to the boys' secretary who will attach each boy to the class to which he belongs. Every boy should have the appointment to his class made at once; then at the hour of his class come to the boys' rooms at the Y. M. C. A. provided with a towel, where he will be given further instruction.

AUDIENCE VERY ORDERLY

W. H. Clegg, who officiated as chairman at the Borden meeting last night wishes to express the thanks of the Conservative association for the most orderly manner in which the large audience conducted itself. "We heard there would be some trouble," said Mr. Clegg, "but we did not believe it and consequently did not ask for police protection. There was absolutely no disturbance, every person conducting himself in a proper manner."
